// CHARGING THE BATTERY

The battery is charged by placing the battery pack into the charge cradle and connecting to a power source using the supplied mains adaptor.

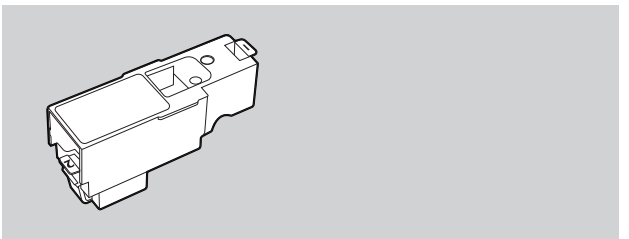

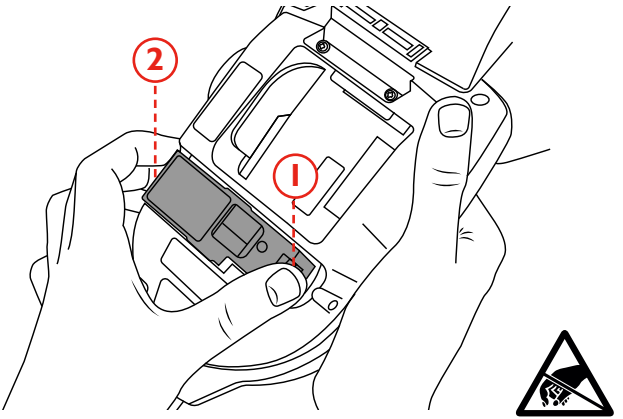

// *INSTALLING THE GENERATOR*

Take care not to touch exposed electrical contacts when installing product components. Ensure all components are securely fitted.

- Ensure unit is switched off and open the back cover
- Insert the generator firmly, engaging clips 1 and 2

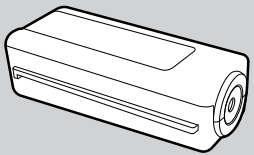

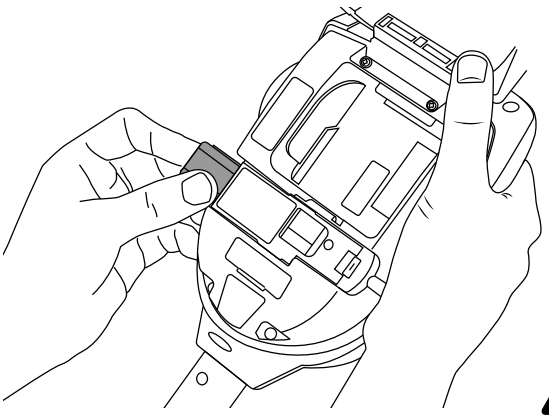

// *INSTALLING THE SMOKE CARTRIDGE*

Slide the smoke cartridge completely into the smoke generator housing following the guide rails.

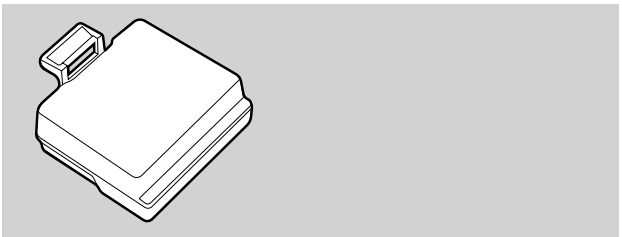

Note: Do not insert the smoke cartridge until the generator has been fully fitted.

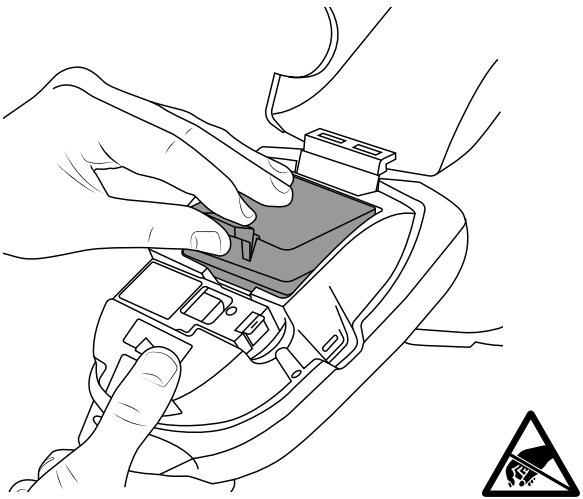

// *INSTALLING THE BATTERY*

Clip the battery into place.
